

Radiant Fund announces acquisition of a 3,3MW Solar PV portfolio

London, January 28th 2016

Radiant SICAV - Clean Energy Fund, through its sub-fund Radiant Clean Energy announces the acquisition of 50% of a Solar PV portfolio for a total of about 3,3MW in addition to a framework agreement for the potential acquisition of additional PV Plants from Terni Energia Group, a leading operator listed on the STAR segment of the Italian Stock Exchange. Radiant, through its subsidiary Renewable European Investment Italy 3 - REI III S.r.l., closed the transaction benefiting from the expertise of its Specialist Advisor Green Arrow Capital.

With this new operation, Radiant continues its **investment program** in Italian energy infrastructures aligned with the investment strategies.

"We are pleased with this joint venture with an industrial operator such as Terni Energia, that allows us to look at possible alliances not only in Italy, but for Green Arrow Capital even in countries where we are already present, such as Poland and Morocco " comments **Mr. Eugenio de Blasio, Founder and Managing Partner of Green Arrow Capital**.

"We are pleased to announce this Closing, following the Press Release published on **January 4th 2016**, which represents the first of a number of potential collaborations with Green Arrow Capital in the Renewable Energy sector. With this operation we complete a further step of the enhancement process of the assets represented by the property of utility scale PV plants, as part of the process of rationalization of the investments" comments **Stefano Neri, President of Terni Energia**.

*Radiant SICAV - Clean Energy Fund is managed by **BGB Weston**, a London based alternative investment management firm, founded by Lorenzo Gallucci, with over €1 Billion of assets. The Fund has the objective of raising funds from Institutional Investors, Pension Funds and Family Offices.*

***Green Arrow Capital** is a Specialist in the Renewables sector, with an extensive experience in Investments both in assets and energy efficiency that operates on a Global scale with strong local execution capacity. The multidisciplinary team of Partners has been operating in the sector for the past 10 years and has invested over €2 billion. The founding members are Eugenio de Blasio, Board Member of AssoRinnovabili and former CEO of a number of listed Companies, and Daniele Camponeschi, founder and CIO of a Top European Independent Power Producer. Mr. Alessandro Di Michele is the Group's CFO*
