

**GREEN ARROW CAPITAL:
the *Green Arrow Private Debt II* (“GAPD II”) fund achieves
AAA rating from NUMMUS.Info**

The GAPD II fund obtains its first certification with top Ratings from NUMMUS.Info regarding alternative funds, an achievement that showcases the absolute leadership of GAC in ESG investments.

As of today, the GAPD II fund has already raised commitment for € 70 million.

Rome, 22 July 2022 – **Green Arrow Capital**, amongst the top operators in southern Europe active in alternative investments, announces that the *Green Arrow Private Debt II* (“GAPDII”) has achieved the **Nummus.Info’s AAA rating**, a company that provides financial consultancy and ethical/sustainable analysis services for both institutional investors as well as liquid asset managers, and – with the development of a new certification model – also illiquid.

Thanks to its ten years of experience in the field of sustainability, as well as to the constant development in research and technological infrastructures, Nummus.Info is able to certify the validity of portfolios from an environmental, social and governance performance point of view.

The GAPD II Fund is the first to obtain the highest rating (AAA) certification from Nummus.Info, an achievement that is testament to the absolute leadership of the Green Arrow Capital Group in ESG investments. The GAPD II fund promotes investment initiatives with environmental and social aspects, in line with Art. 8 of the EU’s *Sustainable Finance Disclosure Regulation (SFDR)*.

The *GAPD II* fund has a funding target of around € 150 million, and has already raised commitment for **€ 70 million**, garnering the interest of both Italian and International institutional investors.

Eugenio de Blasio, Founder and CEO of Green Arrow Capital Group, commented: *“We are honoured to collaborate with an entity as excellent as Nummus, and the brilliant rating received is just further proof of the careful and responsible management of our investments, and of that, we are extremely proud”*.

Claudio Kofler, CEO of Nummus.Info, stated: *“Collaborating with a leading firm in sustainable, alternative investments such as Green Arrow Capital has been incredibly important for us, and has allowed us to put to work our proprietary ESG evaluation model for Private Market products. For Green Arrow to have adopted our new evaluation is without a doubt an important recognition for all of the hard work done these past years, as well as of the solid credibility held in the sector in which we operate.”*

GREEN ARROW CAPITAL

Green Arrow Capital (GAC) is one of the leading independent Italian operators in the alternative investment world, with assets under management amounting to approximately €2.0 billion. To date, around 200 investors have invested in the Group's funds, 90% of which are associated with institutional bodies (banks, sovereign wealth funds, funds of funds, banking foundations, social security funds, pension funds and insurance providers) and some 20% of which are international in origin.

Today, GAC employs three different investment strategies – Clean Energy & Infrastructure, Private Equity and Private Credit – through dedicated, independent teams, and plans to expand its business in the future by launching funds dedicated to alternative investments, so as to continue to invest in the real Italian and European economy.

GAC was founded in 2012 by Eugenio de Blasio, the majority shareholder of the Green Arrow Capital Group, together with the co-founders, Daniele Camponeschi and Alessandro Di Michele, who hold the top operational positions within the Group. In addition to the founders, the partners Luisa Todini (chair of GAC SGR), Stefano Russo and Francesco Maria Giovannini are also part of GAC.

NUMMUS.INFO

Nummus.Info is an independent company founded in 2013 with the goal to provide efficient and timely support to the monitoring of investment portfolios, both of movable and of real estate nature. It provides objective analysis's on a portfolio's possible financial risks, as well as on the performance achieved in either absolute or relative terms with regards to the different financial market trends.

As of 2015, Nummus.Info carries out the ethical and sustainable monitoring of portfolios, analysing the strengths and weaknesses of the issuers present in the portfolio. Today, Nummus.Info has become an ever-evolving centre of research for sustainability and collaborates with the most important institutional investors such as Pension Funds, Social Security Funds and Foundations.

Nummus.Info is entirely owned by institutional investors who take particular interest and care in ethical and sustainable principles, and is a UNPRI subscriber, as well as a member of the Sustainable Finance Forum.
